MATT McCaULEY

A program about our most valuable natural resource—timber—was presented by Matt McCauley, head of the Forestry Department of the Red River Vo-Tech School, at the Hope Rotary Club luncheon meeting last Friday at the Town and Country. The program was arranged by Dorsey McRae, who introduced the speaker.

The forests in Hempstead County comprise 291 thousand acres out of a total land area of 470 thousand acres, showing that more than half our land is forests. Local wood-working industries employ 350 people directly and provide employment for many more indirectly, according to the speaker.

He told how our county land water supply is affected by forests. Besides the common wood products, others soon to find their way to market are food and clothing. Knowing where and how to plant, protecting the trees from the ravages of man and nature, and improving the land to get the most out of it are all a part of forest management.

Accidents Claim 21 Servicemen

By THE ASSOCIATED PRESS
Twenty-one servicemen have been killed in three separate accidents, the worst a ship collision that sent a Coast Guard buoy tender to the bottom of the Mississippi River with 17 crewmen aboard.

A pilot parachuted to safety Sunday when a hovercraft used to train astronauts went out of control and crashed at the Houston, Tex., Space Center. It was the second time a moon landing training craft has crashed.

Wants Farm Programs Replaced

By DON KENDALL

AP Farm Writer

KANSAS CITY (AP) —

Present government farm programs should be dismantled and replaced with devices to help successful farmers move gradually into a market-oriented economy free of federal controls and payments, says Charles B. Shuman, president of the American Farm Bureau Federation.

"It should be recognized that the low-income problems in agriculture are of two distinctly different kinds—those of the commercial farmers who receive most of their income from farming, and those of the part-time, subsistence and rural resident farmers," Shuman said.

The latter type, he said, needs a program offering help to become more productive either in agriculture or in some other job.

Shuman's speech was prepared for delivery today at the annual meeting of the Farm Bureau.

About 5,000 persons are expected for the meeting, which runs through Thursday.

The Farm Bureau, which represents about 1.8 million families, has vigorously opposed the farm programs of the Democratic administration.

Shuman said that with a change to a Republican administration the Farm Bureau has won, "for all practical purposes," its long fight to end acreage controls and "government management of farm prices" through existing programs.

"The general public is finally beginning to recognize that a government-planned agriculture is a costly exercise in futility," he said.

But the present programs should not be dumped all at once, Shuman said. Instead, "transitional assistance or a reasonable assurance" against losses during an adjustment toward a free economy should be provided, he said.

"This transitional assistance could take the form of substantial land retirement programs, indemnity or adjustment pay-

MEDICAID

(from page one)

gram by January 1970.

Blaylock said Arkansas planned to enter the program next July because "it's the beginning of a budget year and would keep us from complicating the budget with two different programs in the same fiscal year."

Medicaid will replace Medicare in the state's welfare program. It will also cost the state considerably more annually. Blaylock says Medicare is costing about \$5 million this fiscal year, compared to the \$7.2 million in state funds that will be required as the state's share the first year in Medicaid.

One of the added benefits to entering in July, Blaylock says, will be the possibility of getting more federal money toward the current welfare grants.

The federal government presently pays about 70 per cent of a welfare grant to an Arkansas recipient.

"We can choose to get the 79.81 per cent federal share of grant money in the children and adult category," Blaylock said. This would make the federal share toward Medicaid and welfare grants be the same percentage, he said.

Arkansas' participation in Medicaid will be one of the questions facing the legislature next year when it begins action on appropriation bills.

Decide Life at Home Not Bad

SANTA MONICA, Calif. (AP) —

The Brophy sisters, Mary Ann, 14, and Nancy, 13, have decided life with their family in their \$300,000 mansion isn't so bad after all.

The girls, after spending a summer at a riding academy and boarding school, told a judge in juvenile court they would not return home because the mansion was the scene of wild parties and was "in a constant state of uproar."

On Nov. 4 a judge told them to choose between their home or juvenile hall but after four days in the detention home they said their tale of wild parties had been exaggerated and asked to return home.

On Friday, Superior Court Judge Edward R. Brand placed the girls on a year's probation and told them to obey their mother.

"It's wonderful to have them back," said Gloria Brophy Baker who has five other children.

Oswald: "The other day someone asked me if I had any idea as to how many finesses I had taken over the last 50 years. Then he wanted to know how many had worked."

Jim: "The figure would have to be well over 50 per cent. When I was just getting started I told me that the way to approach the problem of a two-way finesse for a queen was to charge yourself with a mistake every time you misguessed it."

Oswald: "I still feel that way about it, provided, of course, that you don't have some special reason to take the finesse against a particular opponent."

Jim: "Today's hand will illustrate this. South is in a normal three no-trump contract. He ducks the first two spade leads but wins the third one. Then he tries to count nine tricks."

Oswald: "He counts five tricks outside the diamond suit. Therefore he needs four diamond tricks for his contract. He can be sure of these, provided he doesn't give West a chance to get on lead with the queen. In that case, West will cash two more spade tricks and upset the apple cart."

Jim: "South makes sure that this won't happen by playing his ace of diamonds and then letting the jack ride to East's queen."

Oswald: "This would be a bad play under normal circumstances. When you hold nine cards in a suit you usually try to drop the queen but this time South's real consideration is to make sure that West can't get on lead. East takes his queen and South takes his nine tricks and the game."

James H. Jones Jr., city reporter for the Gazette. They are visiting Supt. Jones and Mrs. Jones this week.

At the University of Arkansas Mrs. Jones, a journalism major, served as editor of the Traveler her senior year 1963. "I spent at least seven hours a day in the Traveler office, getting there by seven in the morning," she said.

She was a Phi Beta Kappa, Outstanding Chi Omega senior, Mortar Board Publicity Chairman, Alpha Lambda Delta, Fulbright Hall president and counselor, listed in the Who's Who of American Colleges and Universities, and was on the AWS Judicial Board.

Following graduation, Pat worked on the 14-member women's staff of the Dallas Morning News. "Each of the staff members writes in one field and has her own little ballistics. The party reporter is even provided with a clothing allowance," she explained.

On the day of the Kennedy assassination, Mrs. Jones was working on page layout in the News office. Because of this assignment she had missed the parade. But she heard the shots and was on the inside of the news story as it broke. The work began was abandoned, and the staff worked all night to get out a special edition, "a rare publication today with the excessive costs of publishing."

She moved from the city paper to the Northwest Arkansas Times at Fayetteville where she was the one-woman society editor. She is now assistant to the

Student Unrest Simmers Over the Nation

By THE ASSOCIATED PRESS
Student unrest simmered over the weekend at embattled San Francisco State College and Washington University in suburban St. Louis. Police reported finding enough dynamite at Brandeis University, Waltham, Mass., to blow up a four-story building.

Security officers at Brandeis said they saw a group of young men near Mallman's Hall Sunday night. They investigated and the men fled, dropping five sticks of heavy construction dynamite.

The dynamite was found near the building housing a young AWOL soldier in "sanctuary" on campus since last Wednesday. The soldier, Spec. 4 John G. Rollins of Wilmington, N.C., moved to another building.

At San Francisco State, strike groups held rallies in the downtown area and called for an all-out effort to shut down the school again. One fire found in an administration building of office caused minimal damage, authorities said. Negro and some non-Negro minority groups are demanding control of their own ethnic studies program.

Washington University officials open a hearing today into the alleged mistreatment of a Negro graduate student by campus police which triggered a "lock-in" by black students and a sympathy sit-in by white students.

At Brown University in Providence, Negro students agreed to return to the campus today. The university said it would accede to student demands and increase Negro student enrollment. The Ivy League school earmarked more than \$1 million to aid black students.

Deciduous means leaf-dropping, another word for hardwood.

Television and Radio

NEW YORK (AP) — "Pinocchio," one of childhood's classics, underwent considerable plastic surgery in Sunday night's 90-minute "Hall of Fame" production on NBC.

The little puppet still had trouble with his nose, which grew each time he told a lie, and he did turn into a real boy at the end. But in between, he and his papa, the wood carver Gepetto, became involved in some new adventures and in some sly commentaries on contemporary society. And they sang some songs in the modern idiom that ranged from ballad to rock 'n' roll.

Amid one of those eye-catching and lavish "Hall of Fame" productions, "Pinocchio" was translated into a musical comedy with fantasy that, while not completely satisfying, was an interesting doctoring job.

Peter Noone, leader of a pop British musical group, played the title role in a sort of floppy, idiot fashion. While his appearance may have attracted young fans of his "Herman's Hermits," the role needed a young man with greater acting skill and dancing ability. Burl Ives, cast as Gepetto, had one dandy song, "Too Soon," but was stuck with a role that had neither humor nor depth.

A number of amusing adult asides were added by Ernest K. Gann, who rewrote the old story. When Pinocchio, the puppet, was tempted to go to school, he was jeered and bullied by the regimental students because he was "different." When Gepetto was mourning his run-away puppet, he had a self-accusing soliloquy in which he wondered, "where did I go wrong," and asked himself whether he had "over-protected" the marionette.

It was a valiant attempt to translate a child's story into entertainment that would hold the older viewers.

Hugh Downs, after years of handling both NBC's "Today" and the mid-morning game show "Concentration," will withdraw from the latter on Jan. 3.

Bob Clayton, the show's announcer and substitute host, will take over. Clayton, who has been on the show since 1966, will keep employed.

HELEN HELP US!

by Helen Battel

Dear Helen: You hear men talk about playing around under their wives' noses and you think, "If it's that easy, I'll have some fun, too."

I planned my first (and last!) "fling" as an experiment in modern living. This dame was attractive and willing. After all, I'd had the same old wife for eleven years, and I told myself I needed a change.

Oh, I was smart. First I talked up a big new interest in hunting. I bought a red hat, told my wife I would borrow a rifle from a friend, and I even brought the guy around a couple of nights to talk hunting. After three weeks, I had her sufficiently convinced, so I announced a few of us were going after a deer. To tell the truth, I have never hunted in my life.

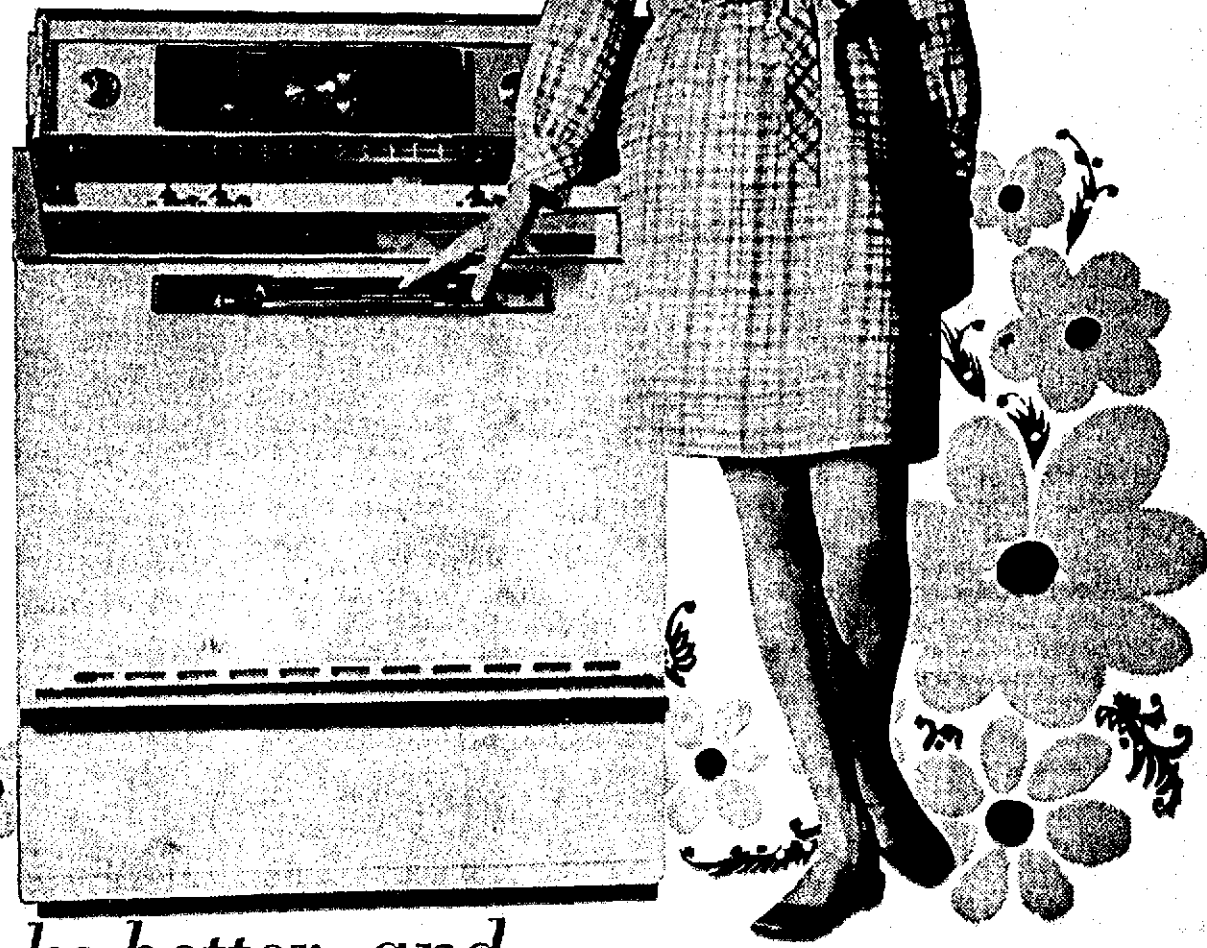

I'm afraid my two-legged quarry soon realized this. We had a flat on the way to the mountains. I couldn't find the key to the borrowed cabin, and when I climbed through the window I tore my pants and gashed my hand. The worst part was a neighbor came out with a shotgun; he figured I was breaking in. Frustration and guilt took care of THAT evening. I slept on the couch. She said some scathing things next morning, and I took her home. I spent the rest of the week-end at a motel, alone.

be Down's permanent replacement on the 10-year-old show. Downs, under his new NBC contract, will continue with "Today" and narrate some NBC news specials.

CBS, which first said it would have but one midseason replacement—"The Glen Campbell Show" for "Daktari"—has had some second thoughts. "Blondie," will also go after a 13-week existence. It will be replaced Jan. 16 by "The Queen and I," a situation comedy starring Larry Storch, late of "F Troop" and Billy de Wolfe, late of "Good Morning World."

The story is built around an old ocean liner whose owners want to sell but whose crew wants to keep employed.

UCLA, North Carolina to Clash

By MIKE RECHT
Associated Press Sports Writer
UCLA and North Carolina, in their travels toward a head-on clash to decide the No. 1 college basketball team in the country, are having quite an impact on their followers.

Pointing toward a meeting in the finals of the Holiday Festival in New York after Christmas, the Uclans and Tar Heels ruined the rankings of Kentucky, No. 3, Notre Dame, No. 5, and Ohio State, No. 13, last week.

The Bruins still have home dates with Minnesota and West Virginia Dec. 20-21 and the Tar Heels must get by 12th-ranked Vanderbilt tonight and Clemson and Virginia Dec. 16-17.

UCLA, 3-0, protected its No. 1 spot with a successful run through the Midwest that gave the Bruins 19 straight victories and 66 in their last 67 games.

The Bruins, after pulling away from Ohio State 84-73 Friday night, rode past Notre Dame 88-75 on Lew Alcindor's tall shoulders. Bringing UCLA from behind an early deficit, Alcindor hit 14 of 18 field goal tries and finished with 29 points.

North Carolina, 3-0, surprisingly had an easier time against Kentucky at Lexington with Charlie Scott's 19 points pacing a balanced attack that built a 30-point second half lead and eventually a 87-88 victory.

Other followers lost to unheralded teams, promising a shake-up in the Top Ten behind UCLA and North Carolina.

Kansas, No. 4, trounced Chicago Loyola 93-61, but not until the Jayhawks had been upset by Wisconsin 67-62 earlier in the week. Houston, No. 6 with Davidson, beat Pepperdine and Arizona before dropping a 65-64 decision at Southern California.

Davidson raised its stock with surprisingly easy 101-84 rout over Vanderbilt, New Mexico, No. 8, beat Hawaii 63-56 and 77-62 Friday and Saturday; Cincinnati, No. 9, crushed North Dakota State 83-54, and Villanova, No. 10, another entry in the Holiday Festival, bombed Philadelphia Textile 94-74.

The only other teams in the Top 20 to lose last week were Marquette, tied for 20th, to Minnesota 75-73, and Tennessee, also tied for 20th, to Iowa State 72-66.

Calvin Murphy of Niagara turned in the top individual performance of the young season, hitting 24 field goals and 20 free throws for 68 points in a 118-110 breeze past Syracuse Saturday night. He overshadowed a 41-point spree by Syracuse's Bill Smith, Pete Maravich, last season's scoring champion who hit 32 last Monday, notched 38 in Louisiana State's 86-85 squeaker over Clemson.

Dayton won its 17th straight with an 81-60 victory over Bowling Green.

In the first wave of tournaments, Duquesne beat Pittsburgh 57-42 in the Steel Bowl final, Florida State took the Sunshine Classic over Jacksonville 83-66, St. Peters topped Rider 80-62 for the Governor's Classic title and Weber State captured the Golden Spike by routing Pepperdine 73-46.

Calvin Coolidge was sworn in as president of the United States in his father's home at Plymouth, Vt.

Paulk Is Choice of the Draft
MILWAUKEE (AP) — Charlie Paulk, the No. 1 college draft choice of the National Basketball Association's Milwaukee Bucks, now is a pick in the military draft, the expansion club said Sunday.

Paulk, 22, who played with Northeastern State of Oklahoma, is to report for Army induction Friday.

Big Bears Looked Good to Colts

By DICK COUCH
Associated Press Sports Writer
Roman Gabriel got a close-up look at the broken down Chicago Bears ... and found himself eyeball to eyeball with the Monsters of the Midway.

The Baltimore Colts watched Gabriel's nightmare—including a misplaced fourth down—unfold from a safe distance. But those big, bad Bears looked beautiful to them. Just beautiful.

The Bears, riddled by injuries earlier in the National Football League season, rose up Sunday to terrorize Gabriel and topple Los Angeles 17-16, handing Baltimore the Coastal Division title and keeping their own championship hopes alive.

The loss eliminated the Rams one week before their anticipated season-closing showdown with the Colts. The victory kept Chicago tied for first place with the Minnesota Vikings, who trimmed San Francisco 30-20, in the Central Division stretch race. The Bears take on Green Bay and the Vikings meet Philadelphia next Sunday.

Cleveland nailed the Century Division crown with a 24-21 victory over Washington; St. Louis downed New York 28-21; Dallas topped Pittsburgh 28-7; Detroit beat Atlanta 24-7 and Philadelphia outscored New Orleans 29-18 in other games.

The Eagles' second successive victory after 11 straight setbacks cost them the No. 1 pick ... most likely Heisman Trophy winner O.J. Simpson ... in the upcoming college draft.

The Buffalo Bills, who bowed to Houston 35-6 Saturday for a 1-12-1 American Football All League finish, inherited the top draft choice. In Sunday's AFL action, Kansas City crushed San Diego 40-3; Oakland slipped past Denver 33-27; New York defeated Cincinnati 27-14 and Miami trounced Boston 38-7.

The Colts eliminated Green Bay's defending NFL champs 16-3 Saturday, then sat back and watched the Bears-Rams thriller on television along with a national video audience.

They saw Gabriel, the Rams' gifted quarterback, harassed by Chicago's fierce defenders and then knocked out of the game temporarily by a blind-side tackle in the second quarter.

With Gabriel on the sidelines, they saw the Bears seize a 10-7 lead after Clarence Childs' 88-yard kickoff return and move ahead 17-7 following Dick Butkus' interception of a Mill Plum pass.

Then they saw the Rams close the gap on a third quarter safety and Gabriel's three-yard scoring jaunt with 2:42 left in the game. They squirmed as the Rams mounted a last-ditch drive to the Chicago 32, within field goal range, with 24 seconds remaining.

Finally, they saw the drive fizzle ... thanks to a 15-yard holding penalty and an apparent blunder by the officials. According to the official play-by-play sheet, the Rams were allowed three downs, instead of four, following the first-down infraction.

Before anyone, including the Rams, caught the mistake, the game was over ... leaving Los Angeles out in the cold and the Colts limp, but exuberant.

"Fantastic!" echoed veteran defensive back Bob Boyd. "I'm a nervous wreck, completely wrong out. It's hell to watch. I'd rather play."

"The Bears did a helluva job," said Johnny Unitas. "They got to Gabriel early and seemed to shake him up. I guess he was knocked dizzy. He didn't seem to call his game after that."

Gabriel completed seven of 23 passes for 118 yards. His net passing yardage in the first half was zero.

The Bears awarded one game ball to Butkus and another to ex-coach and club owner George Halas, the 77-year-old Monster Maker who is recuperating from a serious hip operation.

Joe Kapp passed for one touchdown and ran for two more, staking Minnesota to a 27-6 lead, but the Vikings barely withstood a fourth quarter 49er rally to keep pace with the

Bears at 7-6 in the Central derby.

Don Cockroft booted a tie-breaking field goal and Bill Nelson fired a 38-yard touchdown pass to Paul Warfield in a two-minute, fourth-quarter burst that gave the Browns their Century-clinching eighth straight victory.

The Cardinals outscored the Giants behind fullback Willis Crenshaw, who rambled for 162 yards and three touchdowns, including a 66-yard gallop. But they remained 1 1/2 games behind Cleveland with just one to play ... against the Browns next Saturday at St. Louis.

Bob Hayes bolted 90 yards with a punt for one touchdown and scored another on a 53-yard pass from Don Meredith as Dallas' Capitol Division kings battered Pittsburgh. Meredith also hit Lance Rentzel with a 65-yard TD bomb and Craig Baynam with a five-yard payoff pitch.

Little Billy Cambrell grabbed three scoring passes from Bill Munson, good for 26, 7 and 22 yards, sparking Detroit to its first victory in two months.

Norm Snead threw his third scoring pass of the game and Tom Woodeshick broke loose for a 30-yard touchdown run in the last four minutes, sending the Eagles past New Orleans and making a happy man of Coach Joe Kuharich.

A planned boycott of the game by Philadelphia fans who had become disenchanted with Kuharich appeared to fizzle as 57,128 turned out in 60,000-seat Franklin Field.

"There's no substitute for victory," purred Kuharich.

Bobcat Makes the All State Team

Arkansas Still Seeks First Win
OXFORD, Miss. (AP) — Ole Miss frustrated Arkansas as the Rebels came from behind to a 65-61 basketball victory over the Razorbacks in overtime.

Winless Arkansas led Mississippi all the way until the last four seconds of regulation play when Charlie Ward hit a 15-foot jumper to tie the count at 58-58.

Tom Butler put the Rebels ahead to stay on a tip-in with 3:03 remaining in the overtime period, 60-58.

Robert McKenzie and Benton Cone led the Razorbacks with 15 points each.

Ole Miss trailed 28-25 at half-time.

Arkansas has lost ins only three outings by a combined total of 10 points. Mississippi's season record moved to 2-1.

The Razorbacks will play the Centenary Gents of Shreveport, La., tonight at Shreveport with hopes of gaining that first victory.

Centenary is 1-2 for the season with a victory over Northern Michigan and narrow losses to Oklahoma and Texas A&M.

Razorback center James El-dridge suffered a sprained ankle in the Ole Miss game.

Hope Bobcat Mickey Allen, son of Mr. Gene Allen, is being congratulated by his coaches for being selected to the All-Arkansas football squad. Mickey was selected to the all-district team and was named the outstanding lineman in District 4-A-A.

Seated is head Coach Ronnie Higgins. Standing, left to right, are assistant coaches Bill Lawrence, Jim Jordan and young Allen.

Clairborne would not consider any offers until after Tech's Liberty Bowl game with Mississippi Saturday.

Horne said there was no truth to rumors that Clairborne had been offered \$30,000 annually to become the head coach at Baylor. Horner said his visit was informal and no money figure was mentioned.

Yerger High Loses Two at Rosston

By RALPH MARTIN
Yerger Sports-writer

The Yerger High Tigers fell to Rosston Oakgrove in both the Sr. and Jr. games, in a rematch between the teams in Rosston. In the first game the Tiger Cubs were crushed by a speedy Rosston team by a score of 72-21. The Tiger Cubs were only able to get 6 points on the board in the first half of the game. Highpoint men for Yerger were David Briggs 9 points followed by Jerry Jackson 6 points, and James Loudermilk 4 points. Highpoint men for Rosston were James Martin with 24 points and James Hollman 17 points. In the Senior game the Tigers fell to a very fast Rosston team as the score stood 51-22 at intermission. The Sr. boys record for the season now stands 0-4. Yerger was plagued by fouls and Rosston had the advantage of playing on a home court, the Tigers fell 90-53. Highpoint men for Yerger were David Block with 10 points, John Dudley 11 points, Ira Isley and Roy Smith 6 points each. The high point men for Rosston were James Hopson 20 points, and Henry Lackey 17 points. The final score Rosston Oakgrove 90-Hope Yerger 53.

Southland Is Led by Lamar Tech

By THE ASSOCIATED PRESS
Southland Conference basketball teams, led by Trinity and unbeaten Lamar Tech, will try to improve on a 9-8 inter-sectional record this week.

After a disastrous swing through Tennessee and Kentucky last Monday, in which league teams were beaten 3-1, the conference picked up steam and by Saturday had passed the .500 mark.

Lamar Tech, now 3-0 for the young season, was the only league member to emerge with a victory in last Monday's section. The Cards defeated Memphis State 82-69. But Tennessee Martin stopped Arkansas State 76-66; Tennessee Tech dunked UT-Arlington 83-74, Murray State, Ky, trimmed Trinity 89-76.

Just Routine Night for Gordie Howe

By HAL BOCK
Associated Press Sports Writer

It was another routine night for the 40-year-old hockey player. Two goals, two assists, a regular turn plus some penalty killing and work on the power play. Just a routine Gordie Howe night.

Now in his 23rd National Hockey League season, hockey's all-time scoring king shows little sign of slowing down. Howe drove Detroit to four first period goals and a 5-1 victory over New York Sunday night, leaving younger players huffing for breath up ice as he controlled play.

"He is sometimes unbelievable," marvelled Sid Abel, once Howe's linemate, later his coach and now Detroit general manager.

"The first 700 goals," Howe quipped, "are the toughest." Gordie's 14th and 15th of the season gave him 702 for his career and he acknowledged that 714—Babe Ruth's all-time home run total—would be his next milestone.

"But he hit his lot farther than mine," winked Howe. Howe's wasn't the only hot stick in the NHL Sunday night. Bobby Hull notched his 23rd career hat trick, leading Chicago to a 7-4 victory over Boston. Toronto dropped Pittsburgh 4-1, St. Louis and Philadelphia battled to a 4-4 tie and Minnesota upended Oakland 4-1.

Two Teams in SWC Remain Unbeaten

By THE ASSOCIATED PRESS
Two of the Southwest Conference's four remaining unbeaten basketball teams—Rice and Texas A&M—put their records on the line tonight.

Rice, which opened its season last week with victories over Texas A&I and East Texas State travels to Tulane and the Aggies will host Lamar Tech, also unbeaten with a 3-0 record.

TCU, the defending SWC champ, will seek its third straight victory Tuesday against Loyola in New Orleans.

TCU, the defending SWC champ, will seek its third straight victory Tuesday against Loyola in New Orleans.

Baylor is the other unbeaten league team with a 3-0 record. The Bears won't be in action again until Saturday when they host New Mexico State.

SMU, which has lost three straight road games to tough opponents, makes its first home appearance Wednesday against rough Louisiana.

Chargers Are Blasted by Kansas City

By ED SCHUYLER JR.

Associated Press Sports Writer
Ever try to throw a football over a 10-story building and know where it's going? Quarterback John Hadl of the San Diego Chargers had a similar problem—throwing over the hulking, hard-charging Kansas City defensive line.

"Those guys 6-foot-7 look 100 feet tall when you try and throw over them," Hadl said Sunday. Hadl managed to get the ball over them most of the time, but on six occasions it went into the hands of Kansas City players as the Chiefs trounced San Diego 40-3 and knocked the Chargers out of the Western Division race in the American Football League.

The victory kept the Chiefs, 11-2, in a first-place tie with the Oakland Raiders, who who edged Denver 33-27. Kansas City is at Denver and Oakland at San Diego next weekend, and if both win, a playoff will be held in Oakland.

In other AFL action Sunday, the New York Jets, 10-3 and the

Eastern Division champions, downed Cincinnati 31-17, 27-14 and Miami 5-7-1, blasted Boston 4-3, 38-7. Saturday, Houston, 6-7, ripped Buffalo 1-12-1, 35-6.

In the National Football League, Chicago upset Los Angeles 17-14. Cleveland nipped Washington 24-21. Minnesota topped San Francisco 30-20. St. Louis beat New York 28-21. Philadelphia defeated New Orleans 29-17. Detroit took Atlanta 24-7 and Dallas upended Pittsburgh 28-7. Baltimore defeated Green Bay 16-3 Saturday.

Buffalo's season-ending loss became a victory of sorts when Philadelphia won its second game to make the Bills' record the worst in pro football. Because of this record, Buffalo now will get the first shot at Southern California's O. J. Simpson in the combined college draft.

San Diego opened the scoring with a 28-yard field goal by Dennis Pardee in the first period, but from then on the hometown crowd had little to cheer about. One of Hadl's passes was grabbed by Kansas City linebacker Willie Lanier who rumbled 75 yards for a touchdown. Two other interceptions were followed by touchdown passes by Len Dawson—five yards to

yards to Mike Garrett. Dawson also connected on 68-yard scoring strike to Frank Pitts.

Kansas City also intercepted a Jon Brittenum pass, and the seven thefts gave the Chiefs 34 for the season, just one shy of a team record. The six interceptions put Hadl into the AFL record book with five other quarterbacks.

George Blanda kicked four field goals as Oakland came from a 17-7 deficit to beat Denver. Blanda's second field goal tied it at 20-20 and his third put the Raiders ahead to stay, 23-20. Daryle Lamonica's six-yard touchdown pass to Warren Wells gave the Raiders a 30-20 lead in the third period and clinched it.

Joe Namath's two touchdowns, one by Babe Parilli and two field goals by Jim Turner, led the Jets over Cincinnati, which closed out its first season. Turner also converted after the touchdowns and his nine points gave him 138 for the season, tying him with Don Hutson for fifth in points scored in a single pro football season.

Bob Griese passed for two touchdowns and fullback Larry Csonka ran for two to pace Miami past Boston. Jim Nance scored on a 30-yard run for Boston.

Italy's New Government in for Test

ROME (AP) — Leaders of Italy's Christian Democratic and Socialist parties are putting Premier-designate Mariano Rumor's blueprint for a new center-left government to crucial ratification tests.

Rumor completed his coalition program Saturday after a week of talks with party leaders. It puts emphasis on university and pension reforms to ease the nation's student and labor unrest.

The accord was ratified Sunday by the tiny Republican party, third partner in the coalition. If the leadership councils of the two larger partners pass his program today, Rumor is expected to present his Cabinet choices to President Giuseppe Saragat Wednesday or Thursday.

Political observers said Rumor's government could be ready to face the necessary votes of confidence in parliament by next Saturday.

In a last-ditch effort to dissuade the Socialists from entering another coalition, the Communist party newspaper L'Unita called for left-wing forces to join and block formation of the center-left coalition.

"A new and more advanced balance of forces can be built," wrote party Secretary Luigi Longo. He spoke of "workers, farmhands, and students" demonstrating side by side with "protest exploding everywhere." However, the Communist proposal appeared doomed. Rome was slated to be hit with a bus and train strike.

Royals Hit Spree and Lick Knicks

By THE ASSOCIATED PRESS
In the National Basketball Association, the team that gets the latest with the most—comes out on top, as shown by Cincinnati, Atlanta, Los Angeles and Philadelphia.

The Royals, bogged down under an 81-68 deficit late in the third quarter, went on a 21-5

spree behind Adrian Smith and Oscar Robertson and ran off with a 120-115 victory over the New York Knicks Sunday night.

Atlanta was muddling along with a 49-44 halftime lead over Phoenix before breaking loose on a 15-5 binge in a 72-point second half that produced a 121-99 rout over the Suns.

Los Angeles, after a listless first half that left it behind by 10 points, turned loose Wilt Chamberlain and Elgin Baylor in the final half for a 132-118 triumph over San Diego.

Philadelphia trailed through

most of the first three quarters before running off a 9-1 string en route to a 122-117 victory over Milwaukee.

In the American Basketball Association, Denver beat Miami 121-113, and Dallas stopped Los Angeles 114-110.

Smith and Robertson each hit six points in the Royals' run that put them ahead 89-87 after three quarters, and Jerry Lucas protected it with 13 of his 32 points in the final period.

Lou Hudson scored six of his 39 points and Joe Caldwell five as the Hawks put their game in

the bag. The Lakers trailed 66-56 at intermission before Chamberlain and Baylor sparked them to a 95-94 lead entering the final session. From there, they breezed as Chamberlain finished with 35 points and Jerry West 28.

The 76ers broke away from a 96-all deadlock on four free throws by Luke Jackson and a basket and three free throws by Archie Clark. When Milwaukee closed to 117-115, Chet Walker put it out of reach with two quick baskets. Billy Cunningham led the 76ers with 35 points.

In the NBA Saturday night, Boston clipped Cincinnati 117-114 in overtime, New York tripped Milwaukee 119-113, Philadelphia clobbered Detroit 140-106, Chicago outdefended Los Angeles 90-81, and Seattle beat San Francisco 115-107. In the ABA Saturday, Minnesota defeated New Orleans 88-91 and Oakland crushed Miami 144-116.

One of the most interesting publications of the South-east is a small quarterly called *Foxfire*, which is published by the students of the Rabun Gap School in the hills of northeast Georgia. Its editor is 17-year-old Judy Brown and it enjoys the serious appreciation of folklorists in all the 50 states.

The December edition of *Foxfire* includes a number of features researched and written by its student contributors on such mountain arts as planting by the signs, faith healing, cutting and weaving white oak splints for homemade chairs and "How to Make Sorghum."

After five months of visits to older residents of the hills with tablets and pencils and tape recorders, the young writers came up with an authoritative piece "Twenty-five Ways to Hide a Still." But young as they are, *Foxfire's* staff members are also carefully complete—during the five months they also interviewed former sheriffs and came up with another feature, "Twenty-Five Ways to Find a Hidden Still."

By Sex, Age And Religion

It has been an extremely difficult year for the pollsters. One perhaps should have expected a small let-down, a breather from the pressures of predicting a presidential race "too close to call." But we must admit we never really expected anyone to actually poll Americans on their views toward the Kennedy-Onassis marriage—but Lou Harris has gone and done it.

There it was, in all the statistical and analytical detail of a Hubert Humphrey pulling ahead of a Richard Nixon at the last moment. By sex, age and religion we are told who approves, disapproves and isn't sure. And as an extra little goody we find out how white protestants, Negro protestants and Catholics feel about the Catholic church's stand on the marriage. If Art Buchwald had tried to carry all the hubbub of the marriage to complete absurdity, he could not have chosen a more inviting way.

Now we know that 61 per cent of Americans agree that the marriage is "not my business but theirs"—that leaves 39 per cent and the Lou Harris survey who think differently. Men were inclined toward a "live-and-let-live" attitude; women and the Lou Harris survey apparently aren't. We now know what a lady from Gloversville, N.Y., thinks about the marriage, and another from Tecumseh, Neb., and a man from Azusa, Calif. My, My, Charlotte (N.C.) News

Famous Liner Arrives in Florida

FORT LAUDERDALE, Fla. (AP) — The Queen Elizabeth, a ruler of the Atlantic for 30 years, has eased into what its owners hope will be a new nonarchy—a reign as a showpiece hotel on Florida's Gold Coast.

Six tugboats and the Queen's own quarter-million horsepower engines carefully backed the ship into a temporary berth Sunday during a three-hour docking maneuver. The ship's 82-997-ton hull skinned within six inches of a channel bottom dredged to a depth of 38 feet just hours before the docking.

Cunard Lines, owner of the 1031-foot ship, will move the Elizabeth to its permanent berth at Port Everglades in about six months. Cunard has not announced when the Elizabeth's multimillion-dollar conversion to a 700-room luxury hotel and convention center will be completed.

Because of declining revenue from its transatlantic passenger service, Cunard decided to operate the ship as a resort.

Medicaid Program for State

By ED SHEARER
Associated Press Writer
LITTLE ROCK (AP) — Arkansas' Welfare officials are planning to implement the Title XIX Medicaid program in the fiscal year beginning next July 1 and indications are that the cost will be high.

State Welfare Commissioner Len Blaylock estimates that the program will require \$36 million in fiscal 1969-70 and \$46.5 million in fiscal 1970-71.

However, 79.81 per cent of the cost will be made by the federal government, with Arkansas' share totaling \$7.2 million the first year and \$9.3 million the second.

"It is a well known fact," Blaylock says, "that states that already have gone into Medicaid underestimated the cost very badly."

"We have tried to plan modestly and make our projections carefully," Blaylock said.

He estimates that the program will cover 123,217 persons—all welfare recipients—the first year and 127,274 the second.

"The federal government requires a state to progress each year by giving more services," Blaylock said.

Following the initial year, he said, the program provides for the payment of certain medical services for persons whose salary is only 1.33 times that amount of welfare grants. Everyone in that salary range can be converted by 1975 under the plan.

"People in that low income bracket would be considered medically indigent and would qualify for Medicaid under the program," Blaylock said.

The services offered under Medicaid will include nursing home care, physicians services, hospitalization, laboratory and X-ray fees and limited dental services, Blaylock said.

"A number of other medical services could be paid for with federal funds if we had adequate state funds to match," he said.

States taking advantage of Medicaid must enter the pro-

Man Crushed to Death

Ray Vanhorn, 43, of Caraway (Craighead County) was crushed to death Sunday when the car he was working on at his home slipped off a jack and fell on him.

Coroner Billy J. Emerson said Vanhorn was dead on arrival at a Jonesboro hospital.

Firm Seeks Pieces of Costume Jewelry That Could Cause Death

CHICAGO (AP) — Sears, Roebuck & Co. officials are continuing a nationwide search for 300 to 400 pieces of costume jewelry, which are decorated with a poisonous tropical bean that could cause death if swallowed.

A Sears spokesman, Ernest L. Arns, Sunday urged buyers of the \$1 pins to return them to the store where they were purchased.

Arns estimated that 31 pins imported from Japan by a New York firm were sold to customers in the Chicago area and more than 300 nationwide through 138 Sears outlets in at least 110 cities.

A Food and Drug Administration spokesman in Washington said Sears received 200 boxes,

Russia Says Visit of U.S. Ships to Black Sea Threat to Peace

By THALIA DONAS
Associated Press Writer
ISTANBUL, Turkey (AP) — Two destroyers of the U.S. 6th Fleet sailed through the Bosphorus today for a five-day cruise along Turkey's Black Sea Coast. The Russians called the American naval visit to their southern doorstep a provocation, a threat to peace and Soviet security, and a violation of the 1936 Montreux Convention.

The 3,500-ton Dyess led the way through the narrow strait between the Sea of Marmara and the Black Sea. Her sister ship the Turner followed about an hour later.

The Soviet government newspaper *Izvestia* reported Sunday that its correspondent had seen the two destroyers pass through the Bosphorus and slip "like thieves" into the landlocked Black Sea. But the ships anchored in the Sea of Marmara for the night, abiding by the provision of the Montreux Convention that bars transit of the strait after nightfall.

Izvestia claimed that the ships' passage through the Bosphorus violated the Montreux Convention regulating use of the strait because the two destroyers were equipped with missiles capable of delivering nuclear weapons and because the con-

Cities Look to Agnew for Reassurance

NEW ORLEANS (AP) — Officials of the nation's cities, uneasy over the Nixon administration's urban policy approach, look for reassurance today from Vice President-elect Spiro T. Agnew.

President-elect Richard M. Nixon had been invited to speak at the 45th annual Congress of Cities but declined because of prior commitments. Agnew was sent instead.

The speakers' list today also included Republican Gov. Nelson A. Rockefeller of New York.

"We're obviously a little nervous about what direction the administration will be going," said Seattle Mayor J. D. Braman, a Republican.

Braman and other members of the Executive Committee of the National League of Cities—the congress' sponsor—met with Agnew in a closed session after the Maryland governor's formal talk.

Committee members, most of them mayors, were expected to outline their views on a variety of questions, particularly federal revenue sharing and the appointment of a secretary of housing and urban development.

Residents of Camden Pay Airport Tax

CAMDEN, Ark. (AP) — Ouachita County residents are being taxed an extra mill on a proposal to finance airport improvements at Camden—a proposal some county residents thought was defeated.

It had been reported that the proposal would have to be approved in both counties before it would be put into effect.

Thomas Gaughan, who represents the city of Camden, and Ouachita County Judge Alfred Stinnett say the bond issue was not contingent on approval in both counties.

The tax proposal to finance a \$360,000 bond issue in Ouachita County and a \$82,000 issue in Calhoun County for the airport was voted on in June.

The vote was 1,629 for and 338 against in Ouachita County and 384 for and 430 against in Calhoun County.

The \$82,000 that was to be Calhoun County's share will be provided by the Brown Foundation.

10 Members of Jr. Band Win Places

Ten Hope Junior bandmen won places in the Region 4 Concert Band last Saturday. They are: Marynell Branch, Barbara Jackson, Nancy Leverett, Sharon Smith, Sandra McFarland, Mary Jane Reyenga, Bob Arterbury, Debbie Gunter, Bill Arterbury, and Marilyn Harris.

These students will play in the concert band all day Saturday, January 4, and the band will present a concert beginning at 7:30 that night.

The clinic will be held here in Hope, and twelve different schools will be represented by about 200 band students.

vention bars ships of any nation at war.

Turkish and American officials rejected the Soviet charges and said the ships were making a routine visit that was in conformity with the convention.

The Turkish Foreign Ministry said the Russians "had some complaints, but Turkey rejected them since the passage is entirely in conformity with the Montreux Convention." The convention allows non-Black Sea powers to send "light surface vessels" of under 30,000 tons into the Black Sea.

Turkish newspapers viewed the destroyers' visit as a demonstration of American naval strength occasioned by the steady Soviet naval buildup in the Mediterranean during the past year. The Russians now have about 60 warships in the Mediterranean, a sea where previously the U.S. 6th Fleet was unchallenged.

State Court Rules in Murder Case

LITTLE ROCK (AP) — The Arkansas Supreme Court today granted a petition for discharge of Curtis Smith, who was given a life sentence after being found guilty of being an accessory to the murder of a service station attendant at Hamburg in 1963.

The high court said, however, that the state, if it so elects, could proceed with a new trial for Smith on the charges contained in the information of the case.

M. C. Talley was convicted of first-degree murder in the case in which Tommy Rogers was killed when he was stabbed in the back with a dagger on March 1, 1963.

The high court granted Smith's appeal on Smith's contention that the state failed to disclose evidence favorable to him and which would have been material to his defense.

The record reflects that about six weeks after Rogers was killed, Deputy Constable B. C. Courson of Ashley County and a prosecuting attorney went to Monroe, La., to interview Talley.

At that time, the record reflects, Talley gave a "detailed and written confession" in which he stated he was the only participant.

However, a few months later Talley repudiated the Monroe confession and implicated Smith as an accessory.

The Talley confession in Monroe was never introduced in the lower court trial and the high court held that it could have had some effect on Smith's charges had Smith's attorney been able to cross examine Talley about the confession.

In another case, the high court affirmed Circuit Court in Polk County in its conviction and 15-year prison sentence of Charles Petty for burglary and grand larceny.

Nixon Holds Conference With Shriver

By FRANK CORMIER
Associated Press Writer
NEW YORK (AP) — President-elect Richard M. Nixon, who has indicated he will seek early meetings with Western European leaders, has added fuel to the active rumor mill here by conferring nearly two hours with R. Sargent Shriver, ambassador to France.

Meanwhile, the Milwaukee Sentinel said a Nixon aide in Washington confirmed that Rep. Melvin R. Laird, chairman of the House Republican Conference, had agreed to become secretary of defense.

The unidentified aide said Nixon's choice of the Wisconsin congressman was a certainty, the Sentinel reported.

"The only thing that could go wrong would be if he (Nixon) changes his mind at the last minute, and he won't," the aide was quoted as saying.

Laird was not available for comment.

Shriver said he flew to New York from Washington Sunday at Nixon's request to "bring him up to date about things in France."

The brother-in-law of Sen. Edward M. Kennedy, D-Mass., indicated he and Nixon didn't discuss a possible Cabinet appointment for Shriver nor even the possibility of his continuing as ambassador to France. However, the fact that the conversation at the President-elect's Fifth Avenue apartment was the longest yet announced by Nixon prompted speculation about Shriver's future.

Shriver described the meeting as "a pleasant and I hope useful visit." He said it would be up to Nixon to reveal whether he was given any personal message to carry to French President Charles de Gaulle.

Herbert Klein, Nixon's director of communications, said Sunday that he thought the incoming President would seek closer ties with Western European allies before considering personal talks with Soviet leaders.

Klein also indicated Nixon has virtually completed selection of a Cabinet. Nixon's choices will be announced this week, perhaps in a national television-radio appearance. Aides have said no Cabinet nominees would be disclosed before Tuesday.

Court Won't Stand in Way of Shaw Trial

WASHINGTON (AP) — The Supreme Court refused today to stand in the way of trial of Clay L. Shaw on charges of conspiring to kill President John F. Kennedy.

Shaw, a retired New Orleans businessman, had appealed to the court for "sanctuary" from Dist. Atty. Jim Garrison's impending prosecution. Shaw claimed he was the victim of "a concerted pattern of persecution."

Only rarely do federal courts act to block state-court prosecutions. The Supreme Court gave no reason for refusing to block Shaw's trial or to give him a hearing.

Shaw, 55, also sought to make the Warren Commission report binding on all courts in the country and to have Louisiana's conspiracy laws declared unconstitutional.

The Warren Commission, headed by Chief Justice Earl Warren, declared Lee Harvey Oswald, acting alone, assassinated Kennedy in November 1963.

Garrison's theory is that Shaw conspired with Oswald and others to murder Kennedy.

South Vietnamese and Fighting U.S. Peace Groups Talk Over Strategy

By LEWIS GULICK
Associated Press Writer
PARIS (AP) — A spokesman for North Vietnam's delegation to the Paris peace talks lashed at South Vietnamese Vice President Nguyen Cao Ky today, calling him "a puppet, a servant of the United States and a devotee of Hitler."

It was a forerunner of many charges and countercharges expected as the Vietnamese rivals maneuver toward the enlarged peace talks.

The U.S. and South Vietnamese teams set up a strategy sessions later in the day with Ambassadors W. Averell Harriman and Cyrus R. Vance on the American side and Pham Dang Lam and BuDien, the ambassador to Washington, on Saigon's side.

The North Vietnamese blast at Ky came from Hanoi delegation spokesman Ban Nham and referred to past remarks Ky had made about Hitler in South Vietnam.

Ky denied at the time that he was voicing any admiration for the former Nazi dictator. And in the course of his exuberant arrival here Sunday the jaunty former combat pilot repeatedly stressed he was no puppet of Uncle Sam.

The opening date of the expanded peace talks is still in doubt pending the outcome of another diplomatic dialogue between the United States and North Vietnam.

The shape of the table for the negotiations—of symbolic importance to the South Vietnamese and their rivals, the National Liberation Front—remained at issue after a week of private U.S.-North Vietnamese exchanges had thrashed out other details for the first meeting of the delegations.

The Communists demand a square table to match their argument that this will be a four-sided conference in which the Viet Cong's NLF delegation has separate, equal status with the other three.

Ky re-emphasized on his arrival the Saigon-Washington view of the parley as two sided—between the allies and the Communists. He refused to even speak of the NLF, which his government regards as an outlaw group. So the United States has proposed two long tables facing each other.

Hong Kong Flu Is Blamed

NEW YORK (AP) — John J. Cassese heads the Patrolmen's Benevolent Association, a union that staged a work slowdown last month and blamed much of the absenteeism on the Hong Kong flu.

On Saturday, Cassese was to receive the 1968 service award of the Columbia ESCA Alliance, an Italian-American group, but he failed to show up.

"He's at home," said City Comptroller Mario A. Proccacino, who was to present the award. "In truth and in fact, he's got the Hong Kong flu."

Duck Hunter Dies From Exposure

HOPE, Ark. (AP) — A 19-year-old duck hunter died Saturday from shock and exposure when the boat he and three companions were in capsized on Millwood Reservoir near Hope.

Larry W. McDaniel of Texarkana was dead on arrival at a Nashville hospital. The other youths were hospitalized. Their condition was not believed serious.

The others were identified as Frankie McJunkins, 15, of Saratoga, Barney Green II, 18, of McNab and John Cross Jr., 19, of Texarkana.

Green said they were returning from duck hunting when a wave caused the boat to capsize. He said McDaniel appeared to be in shock and the others had to hold him on the boat.

The hunters were in the water for about one and one-half hours before two men from Camden were passing by and rescued them.

Divers Seek Bodies of 17 Crewmen

WHITE CASTLE, La. (AP) — Divers today search by touch in the sunken White Alder for bodies of 17 crewmen missing since a collision with a freighter sent the Coast Guard buoy tender 75 feet to the bottom of the Mississippi River near here.

The shoreline and river search for the men continued. It began shortly after the 133-foot vessel was hit by the Nationalist Chinese freighter *Helena* Saturday night.

Three of the 20-man crew were plucked from the river but no trace of the others was found.

After hours of dragging operations, the *White Alder* was located Sunday when three large canister buoys from the vessel rose to the surface, giving away its resting place.

Senate Group Plans Probe of Credit

WASHINGTON (AP) — The organizations that often determine what persons are considered reliable enough to receive credit are coming under congressional scrutiny this week.

A Senate antitrust monopoly subcommittee under Michigan Democrat Philip A. Hart will hold hearings Tuesday and Wednesday into the possible need for legislation to protect the public in its dealing with the businesses who report on credit.

Among those to testify are three persons who volunteered to tell their claims of misdealings by credit reporting firms and officials of three of the largest credit reporting companies.

The importance of a person's credit ratings has grown in recent years with the bounding use of charge accounts. Many businesses rely on reports from

various credit reporting firms, not only for an indication whether to provide charge accounts but to determine whether a prospective employee is reliable enough to be hired.

The scope of the hearings will include claims of careless reporting, technical and venal mistakes, conflicts of interest and the increasing concentration among the credit reporting companies.

On the basis of the subcommittee staff's preliminary findings released last spring, the senators will hear such claims as:

—Bad credit can result from confusion over similar or identical names.

—One man was unable to get a job because a former employer had furnished a reporting agency with false information. The man successfully sued his former boss.

—In more than two-thirds of the country's biggest cities, a collection agency attempting to collect a disputed bill is owned by the same organization that runs the agency which reports on the person's credit.

—A firm which did business

with the government last year to the tune of \$500 million has purchased part of a fast-growing computerized credit data agency.

One of the 13 credit reporting firms involved in the inquiry in Retail Credit Co., of Atlanta, Ga., which is also under scrutiny by the Justice Department for possible antitrust violations.

Retail Credit, which already owns Credit Bureaus Inc., of Georgia and its 58 local companies in the East, South and California is moving to buy 36 more reporting bureaus from the Francis Smith Interests in four western states.

The three company spokesmen to testify are:

—Retail Credit attorney Robert W. Blicum.

—Dr. Harry C. Jordan, chairman of Credit Data Corp., who told a House subcommittee last March that his firm could have every American's name listed on its computers by 1973.

TRW Inc., a diversified firm that did half-a-billion dollars in government business last year, already owns part of Credit Data and may buy the rest.

—John L. Spafford, vice presi-

dent of Associated Credit Bureaus of America, Inc., which maintains credit ratings on almost 100 million people.

Associated Credit local bureaus was found by the subcommittee to have been under the same ownership as collection agencies in more than two-thirds of the 130 cities with population of more than 100,000.

Crash May Set Back Moon Shot

SPACE CENTER, Houston (AP) — The crash Sunday of a spider-like craft designed to teach pilots how to land on the moon may have been an "unassessable setback" to America's man-to-the-moon program, a space official said.

The training vehicle, a bug-like craft which darts and hovers in an artificially created one-sixth earth gravity similar to the moon's, crashed after developing wildly uncontrollable twisting and swaying motions.

The pilot, Joseph Algranti,

ejected and parachuted to safety. Algranti, a test pilot for the National Aeronautics and Space Administration, was unhurt.

Paul Haney, director of public affairs at the NASA spacecraft center, said the crash of the \$1.8 million Lunar Landing Training Vehicle—LLTV—may have been "an unassessable setback" to the lunar landing project, "but to what degree is anybody's guess."

"We'll have to figure the effect on an over-all training program," Haney said. "The flight was to have been the last major test before the craft was used for astronaut training."

An accident investigation board, headed by astronaut Walter M. Schirra Jr., convened shortly after the accident but its report is not expected for some time.

Astronaut Neil Armstrong was at the controls of a similar craft last May when it went out of control. He parachuted to safety, suffering minor injuries. The craft crashed and exploded.

NASA officials said Algranti was four minutes into a six-minute flight when the craft developed a "hammock-like action"

and went out of control. Algranti was descending from 550 feet and ejected at about 200 feet, officials said.

A board investigating Armstrong's crash said it resulted from an inadequate warning system which failed to tell the pilot early enough that he was losing fuel pressure in one rocket system. The late warning did not leave Armstrong time to respond properly.

The LLTV which crashed Sunday included changes in equipment which the board recommended as a result of the earlier crash.

Algranti, a 43-year-old ex-Navy pilot, was chairman of the board which investigated the earlier flight. He made the first flight of the LLTV following that crash and has made more than 30 such flights. The craft which crashed had been flown successfully 14 times.

The LLTV is a wingless platform housing turbofan and thruster jets. The turbofan gives lift equal to five-sixths the vehicle's weight. The remaining one-sixth simulates the moon's gravity. Pilots use the jet thrusters to hover and maneu-

ver the craft, simulating a landing on the moon.

Bell Aerosystems developed the LLTV under a \$5.6-million contract. NASA has two of the craft remaining.

The accident investigation board Sunday viewed film and video tape of the flight and crash of the LLTV. The board's report is not expected to be complete for some weeks.

Two Killed in Auto Wrecks

By THE ASSOCIATED PRESS

Only two persons were killed on Arkansas highways over the weekend, according to an Associated Press count.

Killed Saturday in a car-train collision at Forrest City was Car Jackson, 29, of Forrest City.

The other victim was identified as Gary Widner, 19, of Glenwood who was killed Saturday night when the car he was a passenger in struck a tree at Glenwood.

The number of highway deaths in Arkansas for the year stands at 649.

Birds' Vitamins Oil glands, or preen glands, located on the back and in front of the tail of most birds serve not only to keep the plumage in good condition but also as a source of vitamin D, since the birds sometimes swallow it accidentally while preening, according to the Encyclopaedia Britannica.

WORLD ALMANAC FACTS

People with a penchant for reading words and phrases backward feel particularly triumphant when they discover a palindrome—a word or phrase which says the same thing read either forward or backward. The World Almanac notes. Some notable palindromes, are: "radar," "Hannah," "Madam, I'm Adam" and "Was it a cat I saw?"

THE WELL CHILD
Psychologist's Guidance Recommended for This Girl
By WAYNE G. BRANDSTADT, M.D.

A mother writes that her daughter, 10, was a happy, normal girl until, during science class at school, she had to learn about how food animals are butchered and prepared for market. She has fainted three times in school and now refuses to eat any kind of meat. Apart from the dietary problem this has caused at home, this mother is worried about the

child's future. She thought that time and patient understanding would resolve the difficulty but the child appears to be getting worse. As a result, she has been excused from all health and science periods at the request of the teacher. She does exceptionally well in art and all other subjects but, at times, she says she

doesn't want to go on living. The mother wonders if this behavior indicates a mental disturbance or just exaggerated squeamishness.

This is a rather extreme case of oversensitiveness coupled with disgust. An eminent psychiatrist, Abraham Myerson, stated that disgust is a habit that unfits one for life. Since there is no easy solution to this problem, this child should receive the guidance of a child psychologist, especially in view of the fact that she apparently has suicidal ideas.

Q—A woman I know gives her baby, who has a heart murmur, aspirin every day. Isn't this harmful?

A—Although rheumatic heart disease is rare in children who are under four years of age, this child might have it, in which case a daily dose of aspirin would be beneficial and would be less likely to cause harmful side effects than in a normal child.

Q—I gave my granddaughter, 12, a five-grain aspirin tablet when she had a fever and sore throat; 45 minutes later she vomited blood. Could this have been caused by the aspirin. If so, why do doctors prescribe it?

A—A single aspirin tablet is not too large a dose for a 12-year-old girl and, although

prolonged use of large doses of aspirin may cause bleeding from the stomach, this was not the cause of bleeding in your granddaughter. Irritation of the stomach by aspirin can be minimized by dissolving the tablet in a full glass of water. Doctors prescribe aspirin because it is a valuable drug for reducing fevers.

BARBS

Instead of having a Christmas party this year, everyone is going to get angry at everyone else before noon, and then we'll all go home early.

We have no quarrel with television dinners unless they're served in restaurants under the guise of "fresh from the broiler" items.

To explain Santa to a hippie, just tell him that Mr. Whiskers' bag is toys, man!
